DETAILED ACTION

Information Disclosure Statement

The Information Disclosure Statement filed 04 January 2006 is made of record.

Election/Restrictions

The Restriction to claims 1-15 filed 12 September 2008 is withdrawn. The applicant correctly indicated the instant application is a national stage application under 35 U.S.C. 371 and the claims have unity of invention per MPEP 1893.03(d). Further, the applicant filed on 23 September 2008 an Election/Restriction with an amendment to all the original claims with new claims which is considered to be in form for action on the merits.

Allowable Subject Matter

Claims 1-15 and 18-21 are allowed. The following is a statement of reasons for the indication of allowable subject matter: As to claim 1, the prior art made of record teach a Cartesian loop transmitter having a forward path and a feedback path, each of these paths comprising an I and Q channel but does not teach the transmitter also comprises the isolator eliminator as identified in the claim elements.

As to claim 6, the prior art made of record teach method to utilize a Cartesian loop transmitter in a digital radio system but does not teach the method steps of the entire claim.

Conclusion

Reference the attached PTO-892 form for the prior art made of record and not relied upon but considered pertinent to applicant's disclosure.
